**ATTORNEY GENERAL
MINISTER OF JUSTICE**

Room 104
Legislative Building
Winnipeg, Manitoba CANADA
R3C 0V8

Her Honour the Honourable Janice C. Filmon, C.M., O.M.
Lieutenant Governor of Manitoba
Room 235, Legislative Building
Winnipeg MB R3C 0V8

May it Please Your Honour:

I have the privilege of presenting for the information of Your Honour the Annual Report of the
Vital Statistics Agency for the year ended March 31, 2017.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Heather Stefanson'.

Honourable Heather Stefanson
Minister of Justice and Attorney General

Justice
Deputy Minister of Justice and Deputy Attorney General
Room 110 Legislative Building, Winnipeg, Manitoba, Canada R3C 0V8

Honourable Heather Stefanson
Minister of Justice and Attorney General
Room 104, Legislative Building
Winnipeg MB R3C 0V8

Dear Minister Stefanson,

I have the honour to submit the Annual Report of the Vital Statistics Agency for the year ended March 31, 2017, which marks the completion of the Vital Statistics Agency's 22nd year as a Special Operating Agency.

The Vital Statistics Agency provides cost-effective services and products related to vital event registration in Manitoba.

As the Vital Statistics Agency focuses on priority areas of improved service efficiency and delivery, it is especially well positioned to incorporate opportunities that offer specialized products and services related to the authentication of foundational identity and/or vital status as well as vital event registry data services across the Province.

I would like to thank the Vital Statistics Agency's Advisory Board for their continued support and commitment, and staff for their dedication and effort, which collectively contribute to the Agency's successes.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "D. Wright", is written over a light blue horizontal line.

Dave Wright
Deputy Minister of Justice and Deputy Attorney General

Mr Dave Wright
Deputy Minister of Justice and Deputy Attorney General
Department of Justice
Room 110, Legislative Building
Winnipeg, Manitoba R3C 0V8

Dear Mr Wright:

On behalf of staff, it is my pleasure to submit for your review and consideration the 22nd Annual Report of the Vital Statistics Agency. The report details the operational highlights and financial results of the Agency's activities for the fiscal year ended March 31, 2017.

The Vital Statistics Agency records information about vital events in the provincial vital event registry, considered Crown property. Records in the provincial vital event registry date to 1882 and exceed four million entries.

The Vital Statistics Agency's primary purpose is to use the information in the vital event registry to provide individuals with evidence of foundational identity/or vital status, and to compile Manitoba-specific vital event data in support of program development, policy planning, and research.

This year, the Agency continued its involvement with many of the significant activities initiated in prior years, such as inter-jurisdictional coordination of approaches, development of information sharing agreements with partners, and implementation of LEAN principles in Agency operations.

The Agency identified an increase in demand for digital services and products, and has been working to develop strategic partnerships that support innovative programs and meet the needs of both present and future users of the provincial vital event registry.

We look forward to building upon these positive achievements in 2017/18.

Respectfully submitted,

Alena Lukes, PhD
Acting Director and Chief Operating Officer
Vital Statistics Agency

Vital Statistics Agency 254 Portage Avenue, Winnipeg, MB R3C 0B6 Canada
Bureau de l'état civil 254, avenue Portage, Winnipeg MB R3C 0B6 Canada

Monsieur Dave Wright
Sous-ministre de la Justice et sous-procureur général
Ministère de la Justice
Palais législatif, bureau 110
Winnipeg (Manitoba) R3C 0V8

Monsieur le Sous-Ministre,

Au nom du personnel, j'ai le plaisir de vous présenter le 22^e rapport annuel du Bureau de l'état civil pour examen. Le rapport détaille les principales activités relatives aux finances et aux opérations de l'organisme pour l'exercice terminé le 31 mars 2017.

Le Bureau de l'état civil enregistre les données de l'état civil dans le registre provincial de l'état civil, qui est considéré comme bien de la Couronne. Les documents contenus dans le registre remontent à 1882 et dépassent quatre millions d'entrées.

L'objectif principal du Bureau de l'état civil est d'utiliser les données du registre pour fournir aux particuliers une preuve de l'identité essentielle ou de l'état civil et pour compiler des données de l'état civil propres au Manitoba en vue d'appuyer l'élaboration de programmes, la planification de politiques et la recherche.

Cette année, le Bureau a continué de participer à de nombreuses activités importantes lancées au cours des années précédentes, comme la coordination intergouvernementale en matière d'approches, la mise en place d'ententes sur l'échange de renseignements avec les partenaires et la mise en œuvre des principes LEAN dans le cadre des opérations de l'organisme.

Le Bureau a relevé une augmentation de la demande de services et de produits numériques et a travaillé à la mise sur pied de partenariats stratégiques qui appuient des programmes novateurs et répondent aux besoins des utilisateurs actuels et futurs du registre provincial.

Nous nous réjouissons à l'idée de nous appuyer sur ces réalisations positives en 2017-2018.

Le tout respectueusement soumis.

La directrice par intérim et chef de l'exploitation,
Alena Lukes
Bureau de l'état civil

ACCOUNTABILITY FRAMEWORK

ACCOUNTABILITY STRUCTURE

The Vital Statistics Agency is a Special Operating Agency (SOA) that:

- ◆ Is within the Department of Justice, accountable to the Deputy Minister for operational and financial performance through the Assistant Deputy Minister of the Consumer Protection Division.
- ◆ Operates on a cost-recovery basis outside the Consolidated Fund under the Special Operating Agency Financing Authority (SOAFA), which holds title to the Vital Statistics Agency's assets, provides financing for operations, and is responsible for the Vital Statistics Agency's liabilities.
- ◆ Is governed by its Operating Charter, Transfer Agreement, and Management Agreement; General Manual of Administration policies (unless exempted under the Charter); and by *The Special Operating Agencies Financing Authority Act*. Financial and operational information/requirements are disseminated to and from Treasury Board through a Special Operating Agency Coordinator at Treasury Board Secretariat.

The Accountability Structure Chart presented below outlines the current structure:

ADVISORY BOARD

The Vital Statistics Agency's Advisory Board reviews the statutory reporting presented by the Agency and offers advice and direction in areas of strategic planning and operations, structure, business priorities, finances and issues of concern. Advisory Board members are appointed by the Minister.

Advisory Board Members:

- CHAIR** **Gail Anderson,**
Assistant Deputy Minister, Consumer Protection Division
- MEMBERS** **Denise Koss** *(retired July, 2017)*
Director and Chief Operating Officer, Vital Statistics Agency
- Pam Lorentz**
Staff Representative, Vital Statistics Agency
- Debbie Besant**
Chief Executive Officer, General Child and Family Services Authority
- Wilf Falk** *(retired November, 2016)*
Chief Statistician, Manitoba Bureau of Statistics
- Trina Larsen**
Manager, Maternal Health and Wellness, Women's Health Clinic
- Leslie Russell**
Manager (Winnipeg Office), Passport Canada

VITAL STATISTICS COUNCIL FOR CANADA (VSCC)

Manitoba's Vital Statistics Agency is a member of the Vital Statistics Council for Canada (VSCC). Established in 1945, the Council is a partnership of provincial/territorial vital event registrars, and federal officials responsible for the production and analysis of national statistics.

The Council provides a forum for developing a common approach to collecting vital event information across the nation, sharing information with external parties, and facilitating problem-solving through shared experiences, research findings, and expertise among jurisdictions.

All provincial and territorial registrars provide vital event information to Statistics Canada.

All levels of government use the data to enhance effective and efficient public administration. The data enables statistical research, analysis, comparisons, and projections such as mortality rates, birth rates, nuptial arrangements, life expectancy, population densities, as well as other demographic and geographic trends.

AGENCY PROFILE

HISTORY

The provincial vital event registry dates to 1882, and today includes nearly four million records. Information is added to the registry via Vital Statistics, which became a Special Operating Agency on April 1, 1994.

Across Canada, birth, stillbirth and death events are registered at no charge.

The provincial vital event registry contains information used to provide Manitoba-registered individuals with evidence of foundational identity and/or vital status and policymakers/researchers with Manitoba-specific vital event data in support of Manitoba programs.

PURPOSE

As the sole custodian of the Crown's vital event records, the Vital Statistics Agency is the only authoritative:

- * Registrar of Manitoba vital events;
- * Issuer of Manitoba vital event documents that provide evidence of foundational identity and/or vital status;
- * Provider of digital evidence of foundational identity and/or vital status; and
- * Source of historic and current vital event information in Manitoba.

The Vital Statistics Agency has a key role in provincial, national and international identity management because information in the provincial vital event registry provides evidence of foundational identity and/or vital status for all events registered in Manitoba.

A registration of birth in the provincial registry is the foundation to an individual's legal identity. The Agency is the only authoritative party able to assure that foundational identity is authentic, and issues the only identity document which establishes core information about a Manitoba-born person, such as age, name, birth in Canada, and parentage. All other identity documents issued to Manitoba-born individuals, including passports, identity cards, and driver's licences, rely on the foundational information provided in a Manitoba birth registration in order to link that information to a specific physical person.

Other entries in the provincial vital event registry, such as a registration of death, common-law relationship, common-law relationship dissolution, marriage, etc. provide evidence of vital status or change in vital status.

VISION

The Agency's vision is to deliver secure evidence of foundational identity/vital status and to provide accurate vital event data from the provincial vital event registry in support of program delivery, policy development, and research.

MISSION

The Agency's mission is to ensure accurate and timely registration of vital events for health planning and research, and to provide the public with courteous, timely, and cost-effective services relating to these events in a manner that effectively meets all legislative and statutory requirements.

MANDATE AND STATUTORY BASE

The Vital Statistics Agency is responsible for administering and enforcing:

- ◆ *The Vital Statistics Act;*
- ◆ *The Marriage Act;*
- ◆ *The Change of Name Act;*
- ◆ Processing disinterments under *The Public Health Act.*

Agency operations are also affected by other acts including:

- ◆ *The Adoption Act* (adoption registration, documents to Post Adoption Registry);
- ◆ *The Manitoba Evidence Act* (statutory declarations for vital event registration);
- ◆ *The Family Maintenance Act* (amending parentage particulars in birth records);
- ◆ *The Fatality Inquiries Act* (medical certification of death in death registration);
- ◆ *The Interpretation Act* (interpretation of acts and regulations);
- ◆ *The Personal Health Information Act* (protecting privacy);
- ◆ *The Freedom of Information and Protection of Privacy Act* (protecting privacy).

ORGANIZATIONAL STRUCTURE

The Vital Statistics Agency has a total of 37 regular and 6 term approved Full Time Employees (FTE) positions. The Agency is operating with several vacancies due to approved leaves, such as maternity leaves.

The Vital Statistics Agency is organized into five main operational units: the Customer Service Unit is a first point of contact for the general public and incoming requests; the Registration Unit enters vital event information into the provincial vital event registry; the Application Processing Unit issues certificates and other documents based on Manitoba vital events; the Mail Unit receives and sends out all Agency post; and the Confidential Services Unit provides identity management services.

The Vital Statistics Agency also relies on the following business units to provide specialized services: the Finance Unit provides accounting and comptrollership services, the Information Technology Unit provides specialized information technology infrastructure and support, as well as authorized electronic notifications; the Change Management Unit provides quality assurance and implements coordinated change across the Agency; the Policy Unit provides legislatively compliant exception management and policy advice on operational issues, as well as development of policy, legislation and Information Sharing Agreements.

PUBLIC SECTOR COMPENSATION DISCLOSURE

Pursuant to section 2(1) of *The Public Sector Compensation Disclosure Act*, employees of the Vital Statistics Agency who received compensation in the 2016/17 fiscal year of \$50,000 or more, directly or indirectly, including benefits and severance payments, are disclosed in Volume 2 of the Province of Manitoba Public Accounts.

THE PUBLIC INTEREST DISCLOSURE (WHISTLEBLOWER PROTECTION) ACT

No disclosures of wrongdoing were made to a Vital Statistics Agency supervisor or Department of Justice designated officer during 2016/17 fiscal year. The Vital Statistics Agency confirms disclosures under subsection 18(2)(a) [disclosures received], 18(2)(b) [investigations due to disclosures], and 18(2)(c) [corrective action due to disclosures] are all NIL.

SERVICES AND PRODUCTS

SERVICE LINES

The Vital Statistics Agency has two inter-connected lines of business that deliver services and products related to the provincial vital event registry to: the general public (evidence of foundational identity and/or vital status); and provincial/federal departments/organizations, health institutions, and researchers (data and statistical services).

OUR SERVICES AND PRODUCTS

The Vital Statistics Agency delivers a broad range of services and products prescribed by *The Vital Statistics Act*, *The Marriage Act*, and *The Change of Name Act*, in addition to processing disinterments under *The Public Health Act*. All services and products are delivered in compliance with *The Personal Health Information Act* and *The Freedom of Information and Protection of Privacy Act*.

Services:

- Vital event registration
 - * Adoption, birth, stillbirth, marriage, common-law relationship registration, common-law relationship dissolution, death
- Foundational identity management
 - * Legal change of name, election of surname, resumption of surname, change of sex designation
- Foundational identity maintenance
 - * Vital event registry amendments (changes to information recorded in registrations of adoption, birth, stillbirth, marriage, common-law relationship registration, common-law relationship dissolution, or death)
- Evidence of foundational identity (automated)
 - * Digital validation of vital event information
 - * Digital notification of vital event registration
 - * Manual validation and/or adjudication of vital event information/registration
- Statistical information reporting, management, and data extraction
- Rush service to process application(s) and issue document(s) within 3 business days
- Registration-related services
 - * Appointment of clergy and commissioners to perform marriages
 - * Recognition of religious denominations under *The Marriage Act*
 - * Appointment of Event Registrars
 - * Orders authorizing disinterment
 - * Issuance of reburial permits

Products (vital event documents):

- Evidence of foundational identity (documents)
 - * Polymer birth certificates with the option to include parent(s) name(s);
 - * Certificates of Election of surname;
 - * Certificates of Resumption of surname;
 - * Certificates of Legal changes of name;
 - * Certificates of Change of sex designation;
 - * Certified copies of registrations for birth;
 - * Post-Adoption Registry documents
- Evidence of vital status (documents)
 - * Commemorative birth, marriage and stillbirth certificates;
 - * Certificates of common-law relationship registration;
 - * Certificates of common-law relationship dissolution registration;
 - * Certificates of deaths;
 - * Certificates of marriage;
 - * Certified copies of marriage, death, and stillbirth events;
 - * Marriage licenses and banns;
 - * Record searches (including genealogical searches) and search receipts;

ACTIVITIES OF INTEREST

IDENTITY MANAGEMENT

Identity is the starting point in establishing trust and confidence in interactions between individuals and organizations. It is an enabler of service delivery at the heart of public administration and most government business processes. How identity information is collected, used, managed, and secured is of critical interest in the public sector, especially areas charged with managing program eligibility, protecting the rights of citizens, ensuring privacy, and safeguarding national security or public safety.

The Vital Statistics Agency and the Employment and Income Assistance Program are co-chairs of a Manitoba Interdepartmental Steering Committee on Identity Management. This Committee was created to develop identity notification and authentication options for individuals eligible for Manitoba benefit programs and services. The Committee is comprised of a select group of assistant deputy ministers and executive directors from the Departments of Families; Health; Justice; and Growth, Enterprise and Trade.

INTER-JURISDICTIONAL COORDINATION

Each Canadian jurisdiction provides services in accordance with local provincial/territorial vital event legislation, resulting in variability across the country. The Vital Statistics Council for Canada (VSCC) was established in 1945 as a means to exchange information and develop similar standards in the provision of vital event services. Manitoba continues to work with the Council and Uniform Law Conference of Canada to update the model *Vital Statistics Act*, and to develop pan-jurisdictional operational standards mindful of identity management requirements and emerging issues such as: breadth of information collected during vital event registration; social changes impacting vital event registration (ex: surrogacy in birth registration); as well as processes involved in foundational identity maintenance or authentication.

DIGITAL VITAL EVENT SERVICES

The Vital Statistics Agency continues to actively review mechanisms for digital notification/authentication of registered vital event information to ensure consistent data management, security, and protection of digital vital event information.

This includes ongoing participation in a federal/provincial/territorial dialogue on a digital identity management initiative known as the Canada's Digital Interchange. The development of a Pan-Canadian Trust Framework to ensure individuals and businesses are who-they-say-they-are, is especially important as all levels of government consider initiatives to move more services on-line and enhance readiness to participate in the digital economy.

WEB-BASED SERVICE DELIVERY

The public has come to expect near-instant access to provincial registry information and documents. The Vital Statistics Agency uses proprietary software for vital event registration, and is in the final stages of completing the business requirements to implement information system enhancements that will enable the public to apply for vital statistics documents on-line, and eventually to also register vital events on-line. The Vital Statistics Agency is also exploring options to update the web interface used by the public to conduct genealogical searches of the provincial vital event registry.

CONVERSION OF PRINTED DOCUMENTS TO DIGITAL IMAGES

The conversion of paper documents to a digital format reduces the possibility of lost documents, but must be completed without compromised access to highly sensitive information. The Vital Statistics Agency is working to implement a quarterly digitization schedule.

INFORMATION SHARING AGREEMENTS

Data in the provincial vital event registry can be used to confirm eligibility for various programs/benefits, and informs on a diverse range of socio-economic and health related issues that assist in program development and policy planning.

The Vital Statistics Agency therefore continues to work with various levels of government to develop information sharing agreements compliant with *The Vital Statistics Act*, *The Personal Health Information Act*, and *The Freedom of Information and Protection of Privacy Act* that secure data, protect privacy, and permit authorized information sharing limited to the needs of each department or organization.

IMMIGRATION, REFUGEES, AND CITIZENSHIP CANADA (IRCC)

In recent years, Immigration, Refugees and Citizenship Canada (IRCC), formerly Citizenship and Immigration Canada (CIC), indicated a desire to engage Canadian vital statistics organizations on a number of topics. Manitoba has agreed to participate in the Identity Linkages Project (ILP), which, when implemented, will enable IRCC/Passport Canada to digitally validate foundational identity information. The Agency is working to launch in 2018, after the Agency has implemented on-line application and registration projects.

INTEGRATED DEATH REGISTRATION

The Public Sector Service Delivery Council (PSSDC) and the Public Sector Chief Information Officer Council (PSCIO) have been working to develop federal, provincial and territorial best practices in citizen-centred service delivery. In the spring of 2016, the Vital Statistics Agency participated in PSSDC initiated consultations (PSSDC Death Notification Working Group), centered on a Statement of Work intended to develop a Death Registration and Notification Blueprint for integrated digital death registration.

TRUTH AND RECONCILIATION COMMISSION RECOMMENDATIONS

In 2015/16 Manitoba announced a government-wide commitment to work with First Nation, Métis and Inuit stakeholders, as well as non-governmental organizations on the ongoing, long-term implementation of the calls to action recommended by the Truth and Reconciliation Commission of Canada (TRC). Call to Action #17 (“Language and Culture” section) would enable residential school survivors and their families to reclaim names changed by the residential school system by waiving administrative costs for a period of five years.

The Vital Statistics Agency has been an active participant in Vital Statistics Council for Canada (VSCC) discussions on implementation of recommendation #17. Some legislative changes may be required as current statutory naming provisions require an individual born or undergoing a legal change of name in Manitoba to have both a given name and a surname consisting only of the letters “a” to “z” and accents from the English or French languages (some reclaimed names could potentially be in an Indigenous language and/or consist of a single name). In addition, the Vital Statistics Agency’s capacity to waive fees may be limited. For instance, Manitoba requires that all adults applying for a legal change of name be fingerprinted. The RCMP has sole authority and responsibility for the fingerprinting process and fingerprinting costs are paid directly to the fingerprinting agency, not the Vital Statistics Agency.

IMPLEMENTATION OF LEAN PRINCIPLES IN AGENCY OPERATIONS

Vital Statistics Agency is engaged in strategic planning and the application of LEAN principles to streamline, eliminate waste, and maximize available resources. Much of this strategic planning is driven by the Agency’s information system enhancements which will enable the public to apply for vital statistics documents on-line, and eventually to register vital events on-line.

ACTIVITIES PERFORMED IN 2016/17

- ¹ Stillbirth: a child or fetus of 20 or more weeks gestation or weighing 500 grams or more that is dead at birth. Stillbirth rates are per 1,000 live births.
- ² Perinatal: a child aged less than seven days of newborn life or a stillbirth. Perinatal rates are per 1,000 total births (live birth plus stillbirths).
- ³ Neonatal: a child aged less than 28 days of age, excluding stillbirths. Neonatal rates are per 1,000 live births.
- ⁴ Post-Neonatal: a child aged between the 28th day of newborn life and the start of infancy (28 to 364 days). Post-Neonatal rates are per 1,000 live births.
- ⁵ Infant: a child aged less than 1 year. Infant rates are per 1,000 live births.
